

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF).

It is very unfair to let big businesses benefit and become more profitable at the expense of small consumers.

I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you.

Sincerely,

Brenda Domeier
